

Online Payment of Service Fee.

With effect from 13 June 2019, applicants are required to pay the service fee online at the time of booking the appointment to attend the visa application center.

Applicants can make a secure payment of KWD 6.000 per applicant using a credit / debit card, on the VFS website for Germany by clicking on the schedule an appointment TAB and following the steps, for an immediate appointment confirmation. Each individual requires a separate appointment and will submit a separate application. Only the VFS service fee is paid at this time, as the Visa fee must be paid by cash or debit card at the visa application center at the time of application submission.

After the payment is made the appointment will be confirmed and the transaction details will reflect on the appointment confirmation letter which is sent via email. Applicants will be required to carry a print-out of their appointment letter and payment confirmation receipt when they visit the VAC for their appointment.
