

IMPORTANT NOTICE

Novel Corona Virus Awareness Communications

With reference to COVID-19 (Novel Coronavirus) the Qatari Airport Authorities have ordered to all passengers, including those holding a Qatar Residency Permit, travelling from Italy with Doha as final destination, a mandatory quarantine for 14 days in specific facilities or, alternatively, their return to Italy. The quarantine will apply to passengers - arrived at the airport since the evening Of March 1st 2020 – who travelled to Italy in the 30 days prior their arrival in Doha.

At the moment, there are no restrictions for Italian passengers with onward connections through Hamad International Airport.

Such measures might vary with short notice. All passengers should therefore check with the airline company the flight status and the boarding possibility.

The above-mentioned measures are taken in addition to those already in place in relation to passengers from China, Iran and South Korea, accepted for travel only with onward connections through Hamad International Airport; also, in these cases, those holding a Qatar Residency Permit will be asked to stay in quarantine in specific facilities.

All passengers from the following countries if symptomatic (fever, cough, shortness of breath, other respiratory symptoms) will be transferred to the Communicable Disease Center, Hamad Medical Corporation, for further assessment, treatment and admission: China, Thailand, Hong Kong, Taiwan, Macao, Singapore, Iran, Italy, Malaysia, Japan and South Korea.

Possible future changes or new provisions by the local authorities will be disclosed by the Embassy of Italy in Doha through the website Viaggiare Sicuri (<http://www.viaggiare Sicuri.it/country/QAT>).
