

Restrictions on entry into Norway

The Norwegian Government has implemented extensive restrictions on entry into Norway due to the spread of COVID-19. As a result, foreigners who do not hold a valid residence permit in Norway will be rejected at the border and refused entry into Norway. For the time being, visas for visitors to Norway will not be granted.

Temporary closure of VFS' Visa Application Centers for Norway

Due to the extensive restrictions on entry into Norway, it will no longer be possible to submit applications for Schengen visas to Norway at any of VFS' visa application centers. The application centers will still be open for submissions of applications for residence permits to Norway.

For any enquiries, please contact VFS Call center.
