# VFS Global enhances UK visa submission experience for Thai travellers with 7 Premium and Mobile Visa Application Centres across Thailand

With demand for travel from Thailand to the UK continuing to grow, VFS Global now offers Premium Application Centres (PACs) in Bangkok, Chiang Mai, Pattaya, and Phuket, and Mobile Visa Application Centres (MVAC) at three locations in Bangkok, providing UK visa customers with greater flexibility, convenience and accessibility when submitting their visa applications.

The Premium Application Centres in Bangkok, Chiang Mai, Pattaya, and Phuket are designed for customers who value convenience, privacy and efficiency, including business travellers, families, senior citizens and professionals with demanding schedules. The Mobile Visa Application Centres at the Siam Paragon Mall, Icon Siam Mall, and Thanya Park in Bangkok bring visa submission services closer to customers in the city, offering an accessible and convenient alternative location. Both centres operate in accordance with the processes and guidelines established by the UK Visas and Immigration (UKVI).

To book an appointment at our Premium Application Centres or Mobile Visa Application Centres, customers need to select their preferred location while applying for their UK visa online. Applicants need to pre-book their appointments online and complete the payment process online.

**Mr. Dave Thomas, Chargé d’Affaires at the British Embassy Bangkok**, said: "As more Thai people choose to visit, study, work and do business in the UK, these services offer greater flexibility and convenience for those who may prefer an alternative location or appointment option when submitting their UK visa application. We look forward to continuing to welcome visitors from Thailand and strengthening the people-to-people links between our two countries"

**Simon Peachey, Chief Operating Officer – China, Australasia, and RCIS**, said, “Thai travellers today increasingly seek convenience, comfort and flexibility. Our Premium Application Centres offer a more personalised and comfortable submission experience, while our Mobile Visa Application Centres provide customers with greater accessibility and choice when applying for a UK visa. Together, these services help make the application process more convenient while maintaining the highest standards of security, compliance and service excellence.”

UK visa customers opting for our Premium Application Centres and the Mobile Visa Application Centre may also choose from a range of optional value-added services, including Document Upload Assistance, Self-Upload Document Checking and UKVI Account Creation Service, for an additional fee. These services are entirely optional and have no influence on visa processing timelines or visa decisions.

Please note that our UK Premium Application Centres and Mobile Visa Application Centre are optional services and come at an extra cost. Opting for these centres does not have any bearing on the outcome of a visa application, which is the sole prerogative of the UK Visas and Immigration. Customers who do not wish to opt for our Premium Application Centre or Mobile Visa Application Centre can still book an appointment at our standard UK Visa Application Centres across Thailand, subject to applicable UKVI service fees where relevant.
