

THE PRESIDENT OF THE COUNCIL OF MINISTERS

Having regard to Law No. 400 of August 23, 1988;

Having regard to Decree-Law No 6 of 23 February 2020 on 'Urgent measures on the containment and management of the epidemiological emergency by COVID-19' and, in particular, Article 3 thereof;

Having regard to the Decree of the President of the Council of Ministers of 23 February 2020, containing "Provisions implementing Decree Law No. 6 of 23 February 2020 on urgent measures for the containment and management of the epidemiological emergency by COVID-19", published in the Official Journal No. 45 of 23 February 2020;

Having regard to the Decree of the President of the Council of Ministers of 25 February 2020, containing "Further provisions implementing Decree Law No. 6 of 23 February 2020 on urgent measures for the containment and management of the epidemiological emergency by COVID-19", published in the Official Journal No. 47 of 25 February 2020;

Having regard to the Decree of the President of the Council of Ministers of March 1, 2020, containing "Additional provisions implementing Decree Law No. 6 of February 23, 2020 on urgent measures concerning the containment and management of the epidemiological emergency by COVID-19", published in the Official Journal No. 52 of March 1, 2020;

Having regard to the Decree of the President of the Council of Ministers of 4 March 2020, containing "Further provisions implementing Decree Law No. 6 of 23 February 2020 on urgent measures for the containment and management of the epidemiological emergency by COVID-19, applicable throughout Italy", published in the Official Journal No. 55 of 4 March 2020;

Having regard to the Decree of the President of the Council of Ministers of 8 March 2020, containing "Further provisions implementing Decree Law No. 6 of 23 February 2020 on urgent measures for the containment and management of the epidemiological emergency by COVID-19", published in the Official Journal No. 59 of 8 March 2020;

Considering that the World Health Organization on January 30, 2020 declared the COVID-19 epidemic an emergency of public health of international importance; Considering the resolution of the Council of Ministers of January 31, 2020, which declared, for six months, the state of emergency on the national

territory related to the health risk related to the onset of diseases caused by viral transmissible agents;

Considering the evolution of the epidemiological situation, the particularly widespread nature of the epidemic and the increase in cases on the national territory, it was deemed necessary to extend to the entire national territory the measures already provided for in Article 1 of the Prime Ministerial Decree of 8 March 2020;

Furthermore, the supranational dimensions of the epidemic phenomenon and the involvement of several areas on the national territory make it necessary to take measures to ensure uniformity in the implementation of the prophylaxis programmes developed at international and European level;

Upon proposal from the Minister for Health, in consultation with the Ministers for the Interior, Defence, Economy and Finance, and with the Ministers for Education, Justice, Infrastructure and Transport, University and Research, Agricultural, Food and Forestry Policies, Cultural Goods and Activities and Tourism, Labour and Social Policies, Public Administration, Youth Policies and Sport and Regional Affairs and Autonomies, and in consultation with the President of the Conference of Presidents of the Regions;

Decides:

Games or in national and international events; only sports events and competitions organised by international sports bodies may be held inside sports facilities used behind closed doors, or outdoors without the presence of the public; in all such cases, sports associations and clubs, through their medical staff, are required to carry out appropriate checks to limit the risk of spreading the COVID-19 virus among athletes, coaches, managers and all accompanying persons participating in the event; sport and motor activities carried out outdoors are allowed only on condition that it is possible to allow the respect of the interpersonal distance of one meter;".

Art. 2
