This checklist serves as a guide for visa applicants regarding the supporting documents they should provide. It is the responsibility of the applicant to ensure that they have provided appropriate documentation. Supplementary documents may be requested by the Consulate during the visa application process. An interview may also be requested. Providing all the requested documentation does not automatically result in the approval of a visa application.

The standard processing time for a visa application is 15 days. In certain cases where further information is required, the process may take longer than the standard time. It is incumbent upon the visa applicant and/or sponsor of the applicant to ensure that the application is filed appropriately in advance of the required travel to the Schengen area – and at least 15 days prior to the date of travel. Applications with dates of travel less than 15 days later will not be accepted. It is not possible for the Consulate to expedite or ‘fast-track’ applications.

Should an applicant wish to withdraw their passport during the visa application process, they may contact VFS via Info.MaltaLibya@vfshelpline.com in order to request a passport withdrawal form. The visa application will not be accepted without a passport.
