

## Professional Card

Please note that the single permit work visa is not the same as a professional card.

For a professional card the applicant should always first contact the Embassy by mail (Tehran.visa@diplobel.fed.be) and ask for a meeting to hand in the documents to apply for a professional card. Only when the professional card is approved, a visa application can be submitted.

For more information, please consult the website of the 3 Regions of Belgium, competent for the issuing of the professional card:

Documents should be submitted in original + 2 sets of photocopies (A-4 size). All originals are returned.

Documents in Farsi language only are not accepted for the treatment of your visa file; only translated documents will be taken into account.

The Farsi documents need to be translated by a sworn translator into one of our national languages or into English.
