

TEMPLATE TO CHECK WHETHER A PASSPORT PHOTOGRAPH CAN BE USED FOR BIOMETRIC PURPOSES

BUNDES  DRUCKEREI

TEMPLATE

Align template with the upper
left edge of the photograph

Please note: For children under the age of ten there may be deviations from the size of the face and around the eyes.

CHECKLIST FOR THE PASSPORT PHOTOGRAPH

Please check the passport photo with the help of the sample photos and the following criteria:

► FORMAT

1. Size of the photograph: 35 x 45 mm?
2. Size of the face: 32 - 36 mm from chin to hairline?

► HEAD POSITION AND FACIAL EXPRESSION

3. Straight position of the head (not at an angle, turned or tilted)?
4. Is the nose on the marked central line?
5. Full-frontal image?
6. Neutral face expression?
7. Closed lips?

► EYES AND LINE OF SIGHT

8. Are the eyes at the same height within the marked area?
9. Are the eyes open and clearly visible?

► FOCUS AND CONTRAST

10. Is the photo focused and rich in contrast?

► ILLUMINATION

11. Is the photo evenly illuminated (no shadows)?

► BACKGROUND

12. One-colour background?

► PHOTO QUALITY

13. Natural skin tones?
14. No creases or impurities?

► PRESCRIPTION GLASSES

15. Are the eyes visible and not covered?

PLEASE NOTE:

Only if you answer all questions with "YES" can the photo be used for biometric purposes.

NOTE:

Given their young age, there may be deviations from items 3/4/6/7/8/9 for babies and toddlers.
