

## **TOURISM - JUBILEE**

In addition to the checklist for Tourism, applicants who apply for Tourism Jubilee (Schengen - short stay) declare to be aware that is a special category created for allowing pilgrims to attend the Jubilee related events in Rome and it is eligible only for those who have been included in the lists of pilgrims approved by the Apostolic Nunciature in India. They are aware that only those included in such lists are allowed to apply under this category and the absence of their name in the lists is, per se, a reason for denial of visa.
